MANYWATERS
EMPOWERING COMMUNITIES THROUGH ARTS AND MINISTRY

Be Renewed
by the power
of His Story
in the lives of
women who
follow Him.

I am impressed by the women who followed Jesus and His disciples as they traveled, sharing the good news of the Kingdom of God. They were very interesting women who "supported them out of their own means". (Luke 8:3) Jesus made such a dramatic impact in their lives, their course--and the direction of many--was forever changed. They had quite a story to tell! The gospel was spread in early church times through powerful stories. A life-changing story told to you face-to-face is captivating and contagious. You want to hear more, so you seek out The Story Teller. Stories are one of our greatest spiritual resources, and if told, they will transform the world one person at a time. Please join us for an inspiring weekend of story telling and learn how to tell your own life-changing story. Carol
